# AQUATRAX KEY FEATURES – HELPING YOU SAVE WATER & MONEY

## WATER CONSUMPTION TRACKING:

- View your water usage monthly, with up to 12 months of data available.
- Access historical usage and spending across all your service accounts.
- See your water consumption in CCF or gallons, with easy-to-read graphs.
- Compare your usage to your water budget with a trend line.
- Set high usage alerts to stay on top of your consumption.
- Download your usage data in Excel, CSV, or PDF formats.

## BILLING & PAYMENTS:

- Check your current balance and detailed bill info, including all services and accounts.
- Pay your bill online with one-time or scheduled payments via ACH, credit card, or debit card.
- View and download past bills (up to 12 months) through **Xpress Bill Pay** integration.
- **Already with Xpress Bill Pay?** Log into Aquatrax with your existing account—quick and easy!

## ALERTS & NOTIFICATIONS:

- Get important updates like water usage alerts, leak detection, payment confirmations, and service outages.
- Customize your notification preferences—opt in or out as needed.
